Ref. No.

Dated 15/9/22

NC16 / HIC 5A: Provision of adequate and appropriate PPE for the staff needs to be ascertained. E.g. Kitchen, Housekeeping Staff

Remarks: It is ok to provide the complete PPE for the other sanitation workers. However, at the kitchen as shown in the picture, removal of outside footwear is a good practice to control infection. but the Kitchen workers need not to wear PPE all the time of cooking as mentioned in the closure report. The used utensils cleaning staff be provided the appropriate PPE. Required to upload the appropriate evidences please.

- We have started following the advice and now kitchen staff wears head cap, apron, gloves as well as foot cover, which definitely ensures hygiene while preparing the patient's food. I am sharing below pictures of kitchen staff.
