

TRIAGE TRAINING TO STAFF

TRAINER : DR. RAJEEV NARULA

Attended By : Neeraj Narula (Manager)
Pooja Sahni (Receptionist)
Naman Kumar (Pharmacist)
Chinnamma Bija (Therapist)
Mercy Kumari (Therapist)
Arun Kumar (Therapist)
Karan Pratap (Asst. Manager)
Vikki (Housekeeping)

- Today 14/10/21, a training session was organised for staff on triage to clear the doubts & issues if they are facing any trouble.
- This denotes a level of care which patients will receive in emergency.
- Staff has to use code ORANGE to start coordination along with information to ambulance & higher centre for transfer of patients.

DR NARULA'S FAMILY HEALTHCARE CENTRE

(A Panchkarma Clinic)

N-26/A-3 Dilshad Garden, Delhi-110095

Triage - Its a process for sorting injured people into groups based on their need for or likely benefit from immediate medical treatment

Four Columns of Triage.

GREEN → Minor, can delay upto 3 hours

YELLOW → Urgent case, can delay upto 1 hour

RED → Immediate case, life threatening

BLACK → Victim is dead / no case required

Types of Triage

- (1) Mass triage : divides patients based on their ability to move
- (2) START triage : determines severity of injuries
- (3) Advanced triage : more fully assess injury possibilities

Question Paper

- Q1 What is the basic description / idea of triage?
- Q2: What are the 4 colour codes of triage?
- Q3 What are different types of triage?
